BDSS Paper Club 1

Hosted by Kometh (cy23929@bristol.ac.uk)

What is the Purpose?

- Inform people on modern algorithms and their applications
- Invite guest speakers to share their research projects
- Stay up-to-date on the industry and academics

Key Reminder: Everyone in the industry uses AI for everything!

- Quant Researchers
- Technical Staff at AI Labs
- Startup Founders
- Investment Bankers
- Low Level Software Engineers
- Etc. etc. etc.

Don’t limit yourself by being a coding purist :D

Wednesdays, 2-4 PM

Richmond Building 3.13

PAPER CLUB TIMELINE

21 OCT	WHAT ARE NEURAL NETWORKS? — THE FOUNDATION OF MODERN ALGORITHMS
11 NOV	NEURAL NETWORKS IN DIFFERENT FLAVOURS: THE MOST COMMON VARIATIONS
25 NOV	APPLICATIONS OF NEURAL NETWORKS IN LLMS

Link to Today’s workshop

https://github.com/WumbleCat/bdss-academics

What will we cover today?

1. What is the purpose of a function?
2. What problems are Neural Networks trying to solve?
3. How does NNs achieve this?
4. Architecture of NNs
5. Recreating it in NumPy
